

A Garden Full of Peas

National Cancer Institute

Snow Peas

I plant peas in my garden.

I plant snow peas.

I plant snap peas.

I plant English peas.

My peas grow tall.

My peas grow green.

My peas grow sweet.

I pick my snow peas.

I pick my snap peas.

I pick my English peas.

Snap Peas

I eat my snow peas.

I eat my snap peas.

I eat my English peas.

Snow Peas

I love peas.

I plant a garden full of peas.

I plant snow peas.

I plant snap peas.

I plant English peas.

My peas grow tall.

My peas grow green.

My peas grow sweet.

Snap Peas

First I pick my snow peas.

Then I pick my snap peas.

Then I pick my English peas.

I eat my snow peas pod and all.

I eat my snap peas pod and all.

I eat my English peas without the pod.

More peas, please!

Snow Peas

I love peas of all kinds.

I plant peas in the springtime.

I plant a garden full of peas.

I plant snow peas.

I plant snap peas.

I plant English peas.

I water my garden. I care for it well.

My peas grow tall, green, and sweet.

Soon it is time to pick the peas.

They are not all ready at once.

The snow peas are ready first.

The snap peas are ready next.

The English peas are ready last.

I eat my snow peas pod and all.

They are so sweet.

I eat my snap peas pod and all.

They are so crunchy.

I eat my English peas without the pod. They are soft and sweet.

More peas for me, please!
